NEWSLETTER

Vol. 4 Number 2 December 2022

FROM THE EDITOR'S DESK

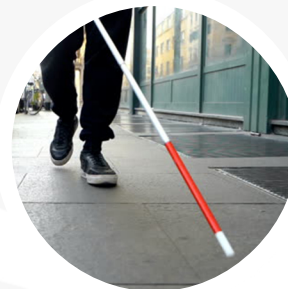

This is the 2nd Issue of the Newsletter for the 2022/23 Lion Service year. The 1st Issue dwelt mostly on the plans and projections of the District for the year. Since we had a limit to the number of pages for the Newsletter we could not feature articles on the activities of the Clubs in the first three months of the service year. We are therefore featuring Club activities held in the first semester of this service year, that is from July to December. Responses from Clubs to submit short write-ups and high-resolution pictures have not been encouraging and we continue to ask Clubs to kindly submit such write-ups to be featured in the Newsletter so that the world will know how well we are serving humanity in our District.

We hope you will enjoy reading this issue of the Newsletter.

Happy reading, Lions and Leos.

SECURITY TITBITS

INSIDE THE MIND OF A STALKER.

Stalking is defined as a willful course of conduct involving repeated or continuing harassment of another individual, that would cause a reasonable person to feel terrorized, frightened, intimidated, and threatened.

Types of Stalkers

1. **REJECTED STALKER** - a person who proposes to a potential spouse and gets rejected.
2. **RESENTFUL STALKER** - someone who does not like you.
3. **PREDATORY STALKER** - a person who takes delight in molesting vulnerable ones.
4. **THE INTIMACY-SEEKING STALKER**- a frustrated ex-lover who turns failed attempts to make amends into hatred.
5. **THE INCOMPETENT SUITOR** - a person who cannot express his/her affection to the potential suitor and prefers admiring the suitor from afar.

SECURITY TIPS FOR STALKING VICTIMS

1. Keep handy or memorize emergency telephone numbers of close relatives or associates, doing so will help you in times of danger or when you suspect you are being stalked.
2. Always have a safe place in mind to go to, in case of an emergency. You might go to a nearby police station, public area or the home of a trusted close associate.
3. Keep your address confidential whenever possible, if stalkers don't know your current address, then your safety or security is assured and intact at all times.
4. Tell friends and neighbours not to quickly give out your address or phone number to strangers without your full authorization or consent.
5. Identify or rehearse possible escape routes in your house or workplace, in case your stalker happens to be either in front or back of your office or your home.
6. If you have a car, always allow your security guard at work to walk you to your car.

New Year Message from the District Governor

As we prepare amidst jubilation and of course various customary events to mark the end of the year 2022, we are equally excited as Lions to have come to the end of the first semester of the 2022/2023 Lions service year. This period is very important because it helps us to assess ourselves in the various areas of service, membership and leadership among others. While we have chalked many successes as a District in serving our communities across many service activities, we have also dropped a lot of our members over the period.

For the next 6 months, we will all have to work hard to continue to meet the needs of our communities through our service activities. In addition, clubs whose membership have dwindled would need to double efforts to boost their membership. We must ensure members we are recruiting are of a certain quality who can pay the dues and make time to attend activities and meetings. We will also need to take advantage of the various training opportunities including upcoming institutes to ensure our members acquire the requisite skills.

Let us also remember to contribute to LCIF. As we have seen in our recent time of need when we requested support for the people around Weija, LCIF did not disappoint us. There is so much more we can get if we also donate to LCIF so it can help other regions of the world where support is most needed.

I pray we do not relent in our efforts to complete the Lions service year on a very good note. I take this opportunity to wish all Lions and Leos a prosperous and fulfilling new year where our hopes, dreams and aspirations become a reality. Yes, Together We Can.
