

LIONS CLUBS INTERNATIONAL DISTRICT 418, GHANA NEWSLETTER *2nd Edition*

February 8, 2021

World Diabetes Day

On the 14th of November 2020, Ghana Lions launched World Diabetes Day at the Santa Barbara Catholic Church Akosombo. Activities held included Diabetes Screening, Donation of PPEs to the Asuogyaman Municipal Assembly and VRA Hospital.

World Sight Day

Ghana Lions celebrated World Sight Day by donating white canes and some braille sheets to Akropong School for the Blind, Visually impaired students in Okuapemman School and other Schools for the visually impaired in Ghana

Accra Aquila Lions Club

Executive members of the prospective Accra Aquila Lions Club paid a visit to the Palace of **Nii Kommey Akpor I**, the Paramount Chief of Fafraha. The purpose of the visit was to introduce the Club and also inform the Chief of the Club's intended charter project. The Chief and his Elders suggested that a CHPS Compound be built at the premises of the Palace since most sick people are rushed there for First Aid treatment. The Club's Executive Members agreed to the Chief's request. As part of his contribution to the Club's project, the Chief gave a parcel of land to be developed into a CHPS Compound to serve the people of Fafraha.

LEGON LIONS CLUB Tree Planting Activity

The Legon Lions Club on Saturday the 17th of October, 2020, undertook a tree planting activity along the Volta Hall avenue of the University of Ghana campus.

The aim of the activity was to plant trees by name MIMOSOP which in the next ten (10) to fifteen (15) years would replace the over seventy years old mahogany trees lining both sides of the road which continue to provide shade.

Trees planted were one hundred and sixty (160) covering a distance of about one kilometer. The activity would benefit about 30,000 residents of the community made up of Senior and Junior members as well as other staff of the University. It will also benefit visitors who use the avenue for exercise such as jogging, due to the shades they provide.

Eighteen members of Legon Lions Club participated in the activity including the Zone Chair and Immediate Past District Governor of District 418.

**TEMA GREENWICH LIONS CLUB
EMBARKED ON AN EYE TALK AND
DONATION OF LIONS BRANDED
GOGGLES ON SATURDAY
17TH OCTOBER 2020.**

On Saturday 17th October 2020, the Tema Greenwich Lions Club organized a talk on Eye Care and donation of Lions branded Goggles to the Ashaiman Branch of the National Garages Association.

The activity was related to the Lions Clubs International Calendar of Events for October (Vision) which has remained a focal point since the formation of Lions Club International (LCI) in 1917 and still one of LCI's five (5) global causes.

The primary activity of these artisans (Welders and Sprayers) poses a serious threat to their eyes hence the service activity to protect their eyes from the hazards that come with their chosen career.

Lion Dr. Isaac Owusu, Past President of Tema Lions Club and currently District 418 Chairperson for Sight was the resource person for the Vision education.

**Ebony Lions Club organized
a Diabetes screening activity for the
residents of Adenta at the Adenta Mall on
14th November 2020.**
